## DIET OF A BAT

Just like there are many types of bats, there are many different diets that bats have. While most bats eat insects as their primary source of food, others eat a variety of food. Some eat fish, like the vampire bat, mainly in Central America and Central Africa. Some eat the blood of cattle, like the flying fox, and others eat the fruit that the brown bat can't eat!

Describe what happened in the beginning, middle, and end of the story.

● CUT. ● FOLD. ● GLUE.

# WHY READING & SCIENCE ACTIVITIES

This digital and printable Bats Reading & Science Activity is a perfect way to engage your students in a high interest topic while integrating subjects. Your students will love learning about bats while also enjoying popular picture books!

**Quick and easy cross curricular lesson for science & reading with a high interest topic!**

**Students will enjoy two picture books based on the topic, PLUS learn nonfiction information.**

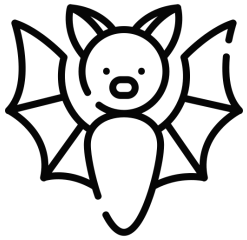

**Perfect for fall while integrating reading and science!**

**Use for stations, centers, independent work, or whole group!**

# BATS READING & SCIENCE ACTIVITIES

READY TO USE!

PERFECT FOR ENGAGING STUDENTS IN  
**READING & WRITING**

**31 interactive slides**  
to engage students

**38 printable pages;**  
Just print and go!

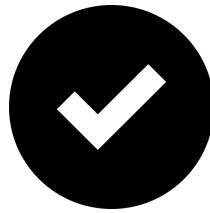

**Linked articles & videos** with  
**comprehension questions**

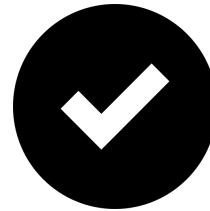

**Vocabulary, graphic organizers, and more!**

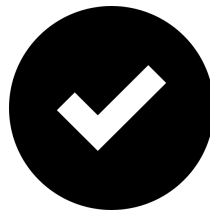

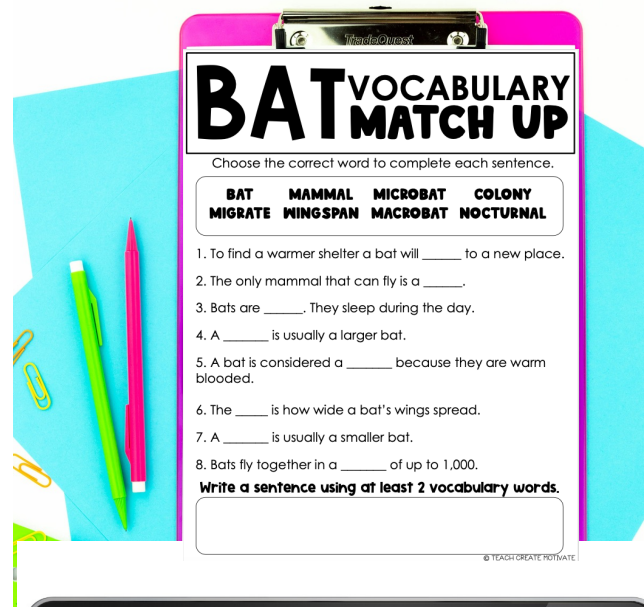

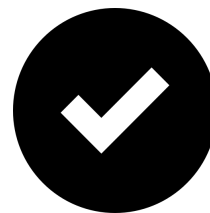

Includes **graphic organizers**, **writing prompts**, and **comprehension questions**

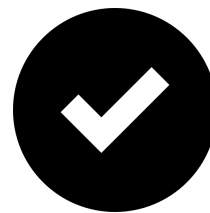

Use the **digital option** for **zero prep!** Assign and go!

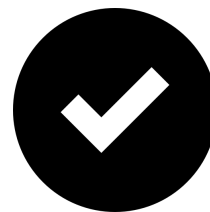

**Engaging** and **easy** for students to use and complete.

Perfect way to incorporate **reading** and **science** to learn about bats.

**Printable option** included with 38 pages.

**Literature responses** with popular picture book activities included.

## *What teachers are saying...*

"This is a great resource to add to what we are doing in our classroom. My students have been reading stories about bats and this gives them one more piece to add to our lessons. Thank you for creating something that my **students truly enjoy** reading!"

---

"My **students are excited** to learn about bats! This is a weeks worth of reading material for us!"

---

"These were perfect to use for **reading rotations** the week prior to Halloween. I also created "Finding the Text Evidence" activities to go with the passages. This resource was a hit with my 4th graders!"

---

"Allowed me to **cover science and reading grades all in one!**"

---

"What a great resource to add to my bats unit!!! **Love all the activities** you have included. I also love how **clean the recording sheets look**. The fonts keep it engaging but simple!"
